**Sub: RO Drinking Water Plant Installed – For Public Use – at Central Metro Station - Reg**

As part of providing world class infrastructure facilities to the people of Chennai. CMRL has installed 500 Lts. capacity RO Drinking Water Plant in Central Metro Station for Public use as free of cost. The plant has been installed near one of the entrance Street level of Central Metro Rail Station which is the main junction where all the three different modes Train passengers meeting point as suburban Park Station entrance, Puratchi Thalaivar Dr. M.G. Ramachandran Central Railway Station subway and Metro Rail entrance and Main Road Bus stand location. CMRL has installed at the above location so that the maximum number of Public can utilise Purified drinking Water especially during summer seasons.

CMRL has planned to install similar kind of plant in some more Metro Rail Stations also in near future for public free service.
