Date: 29.09.2023

Press Release

**Chennai Rajiv Gandhi Government Hospital
Metro Rail Subway will soon be opened**

The Chennai Metro Rail Administration is pleased to announce that the Metro Rail subway near Rajiv Gandhi Government Hospital is swiftly approaching operational readiness. Technical works are currently underway in the subway, and though a slight delay has been encountered due to the meticulous nature of the tasks, the completion is on the horizon.

The subway, strategically located opposite Chennai Central Railway Station, has been constructed to facilitate seamless transit for passengers and the public with the installation of escalators and lifts. Technical advancements and enhancements within the subway are at their final stages, necessitating a few days at each stage to ensure optimal functionality. Concurrently, drainage facilities are being meticulously established to prevent rainwater ingress and stagnation.

A dedicated security guard has been appointed to monitor the subway, ensuring a safe and secure environment for all users. The administration is committed to maintaining a zero-tolerance policy towards anti-social activities, encroachments, or any wrongful acts within the subway vicinity. Law enforcement will take appropriate actions against violators.

The Chennai Metro Rail Administration assures the public that once the technical works are successfully concluded, the subway near Rajiv Gandhi Government Hospital will be swiftly opened for public use

For Approval: Director (Projects), CMRL, Chennai – 600 035.
